Each of us has an important role to play in shaping the next Denver Plan.

As we build on our strengths and grow from our challenges, we need your help to ensure our plan reflects the ideas of the diverse communities we serve.

The Denver Plan we design together will become a roadmap that guides the decisions DPS makes, the resources we allocate, and the work we prioritize on a daily basis, rooted in a deep commitment to the values we share city-wide. Over the course of the next few months, we invite you to lend your vision, voice, and values to crafting our collective vision.

Our community cares so much about our schools, and that makes us stronger. You've shown up and spoken up on behalf of our kids -- and our commitment is to reflect your voices more honestly and transparently in our actions.
