- Summarize Art and Journal Submissions.
- Dialogue Circles Question #2: Facility Desires.
- Dialogue Circles Question #3: Desired School Culture, Staff Characteristics.
- Dialogue Circles Question #4: TBD.
# Reimagine Montbello Project Timeline

## Definitions

### Representative Working Group

The Representative Working Group will include students, staff, families, community members, and alumni. The Representative Working Group will be charged with working in collaboration with the new Montbello High School Principal and Montbello Middle School Principal to craft design principles and determine the schools’ vision, mission, high level academic program, staff characteristics, and school culture elements as well as providing input and recommendations on the future facility design.

### Design Advisory Group (DAG)

The DAG will include students, staff, families, community members, and alumni. This group will be charged with working in collaboration with an architect and school teams to design the Montbello campus of the future - this could be a new building or a renovation of the existing space, an early decision for this group to make. This group will work closely with the Representative Working Group to ensure that the planned facility will meet school needs and be flexible to meet the needs of Montbello students into the future.

### Dialogue Circles (DC)

Dialogue Circles will consist of members of the community providing feedback on the Reimagine Montbello process. These meetings will be held virtually and there will be multiple opportunities to be a part of the circles. We encourage you to share this information with your networks — we are working to include as many community voices as possible!
