

# ACCESS SCHOOL MENUS WITH THE NEW SCHOOL CAFÉ

## School Café is:

- **Easy:** All you need is your personal e-mail address and school name to open an account.
- **Convenient:** Once your account is created, you can easily check what's on the menu, including nutritional information.
- **On-the-Go:** The mobile app can be downloaded in Google Play or the Apple Store so you can easily access school menus from your cell phone or tablet.

**This year we have a new and improved way for parents, students and staff to access school meal menus. School Café is the one-stop shop for information and services from DPS' Food and Nutrition Services department. Download the School Café App at Google Play or Apple Store.**

Menus are now available on School Café! View your student's school menu through your School Café account or as a guest at [www.SchoolCafe.com/DPS](http://www.SchoolCafe.com/DPS). See the reverse side of this flier for details on how to access school menus.

The menus now have a number of features including:

- Nutritional information
- Allergen information
- Option to print a PDF of the menu
- Ability to make a sample tray with your student
